

## Classic 4 Column Cast Iron Radiator 353mm High

This range is competitively priced and available between 5-15 working days, depending on the finish.

**Delivery** - we can offer fast delivery to almost the whole of the mainland UK, but if you live in a more remote location, please contact us and we can advise on how quickly we can deliver.

Due to the size and weight of the radiators, they are delivered on a pallet, with a kerbside service, so you will need more than one person to remove them safely from the pallet and into your property.

See our guide to taking delivery of cast iron radiators.

The Classic Cast Iron range is supplied with a full 10 year manufacturer's warranty.

You can buy online or call one of our radiators experts, who'll be very happy to help and advise you in your purchase of a cast iron radiator and any accessories you may require.

Depth (D1): 145mm  
Depth - Wall to Face (D2): 172 or 182mm  
Pipes Centres from Wall: 102 or 112mm  
Height: 353mm

*Lengths quoted are overall including bush ends and are given in good faith. However, due to the nature of the manufacturing process tolerances can and should be expected. Quoted dimensions should therefore only be used as a guideline.*
