

# Winchester Cast Iron

## 540mm High

Specialist UK Manufacturer of Cast Iron Radiators

Our Winchester cast iron radiator is stunning with its unique shape and ornate design. Distinctive and beautiful, the perfect choice for the traditional setting. An elegant and unusual cast iron radiator faithfully recreated from the original with superb ornate detail, originating from a building in London used as a ballet school in the Victorian era.

The sections of the Winchester cast iron radiator are unusually curvaceous in shape, adding character and distinction to the overall look. Antiqued, highlighted or polished, all these finishes will enhance this radiator's ornate shape to the full. The perfect choice for an elegant yet ornate look that is only 118mm in depth. Winchester is also available in 740mm High.
